Spotlight On

ANDREA VERASAMI CHILDREN'S LIBRARIAN

What are your duties here at the library? How long have you worked at the library, and what was your first job here?

I've worked at Westbury for about 11 years in total. My first job was as a clerk in the Children's department. I mainly dealt with circulation and would help out with the afterschool kids. I graduated with my Master's degree in another field and left for a few years to work in that area. During that time, I realized how much I missed the library world and decided to go back to school to get my Master's in Library Science. I've been a children's librarian for about 8 years. Some of my duties include coming up with different and fun program ideas for children up to 6th grade, doing outreach at local and school events, ordering books for the collection, providing bilingual reference help, and more!

When you have 30 minutes of free-time, how do you pass the time?

I'm usually watching Tiktok videos during my free time. It's mostly for fun but I also use it to get ideas to recreate in the Library!

What is your favorite thing about working at the Library?

Getting to be creative! I enjoy coming up with program ideas, designing fliers, creating videos, and more.

What would you name the autobiography of your life?

The Girl Who Loved Llamas

Lightning-round questions:

Fiction or non-fiction? Fiction

Horror or comedy? Comedy

Ebook or Hardback? Both, plus audiobooks (I usually read a book using different formats)
